## Cosmetic Injectables

### Dysport and Botox

A simple non-surgical treatment that is injected directly into the muscle which blocks nerve impulses; which reduces the activity that causes persistent lines to form.

### Derma Fillers

We offer Restylane, Perlane, Radiesse and Juvederm to help treat those lines that are visible even when your facial muscles are at rest. These fillers smooth away wrinkles and plump the skin by replacing lost volume to reverse the signs of aging.

### Asclera

An injectible product for the treatment of spider veins that minimize the discomfort experienced with previous products.

## Cosmetic Laser Treatments

Aesthetics by Katzen has chosen to use the **Palomar StarLux 500 Laser and Intense Pulsed Light Platform Program**. This system is one of the safest, most effective machines on the market.

Conditions that can be treated with this technology include:

- Sunspots
- Rosacea
- Acne Scars
- Hair Removal
- Leg Veins
- Surgical Scar
- Stretch Marks
- Skin Resurfacing

## Dermaplaning

A non-invasive skin resurfacing procedure that gently removes the top layer of dead epidermal cells. Works well when combined with chemical peels.

## Chemical Peels

### Glo Therapeutics Peels .....

#### Enzyme

Enzymes and Salicylic Acid freshen the skin by helping to remove dead skin cells to reveal a radiant complexion. Recommended for dull, dehydrated, oily and congested skin conditions.

#### Lactic 15%

A mild exfoliation with moisture retention properties that will promote softer and smoother skin. Hydrating ingredients make this an ideal treatment for dry, dehydrated or sun damaged skin.

#### Glycolic 30% or 60%

Promotes overall improvements in tightening and toning of the skin. Effective treatment for uneven textured, unbalanced or sun damaged skin.

#### Salicylic 30%

An antiseptic exfoliate that deeply cleanses pores. Excellent treatment for acne and aids in overall skin rejuvenation.

### Modified Jessner

A synergy of exfoliates to optimize freshness in the skin. The recipe of ingredients is made for congested, dehydrated, sun damaged or hyper pigmented skin.

### TCA 15%

A combination treatment to enhance skin tone and texture while purifying blemish prone skin. Decreases the appearance of fine lines and surface imperfections. Recommended for all over skin rejuvenation.

### Skin Medica Peels .....

#### Illuminize

Appropriate for first time chemical peel patients or patients looking for a gentle superficial peel to make their skin brighter and more radiant.

#### Vitalize

Suitable for all skin types or patients with moderate skin conditions including sun damage, fine lines, wrinkles, acne, acne scarring and melasma. Requires a little to no downtime and produces predictable noticeable results.

#### Rejuvenize

A superficial peel suitable for moderate to severe skin conditions that penetrates in the deeper layers of the epidermis and produces the most amount of exfoliation.

### Obagi Blue Peel Radiance .....

A superficial salicylic-acid based peel that produces instant results with little to no downtime. Creating tighter, smoother and brighter looking skin!

## Make up & Skin Care Products

### Glominerals Make Up

Aesthetics by Katzen carries make-up by Glominerals. This make-up is a long wearing natural look with UV protection. Pharmaceutical grade and 100% Talc free ingredients. It provides great coverage and a flawless finish. It has been featured on the red carpet by many stars! Please call **443.632.2846** to set up your free make-up consult today.

### Latisse

Works by lengthening the growth phase of the eye lashes, and results in increased length, thickness and darkness of lashes.

### Obagi, Neocutis and Skin Medica Skin Care

Please contact our office to get more information on our products and set up a free skin consultation with one of our licensed aestheticians to determine which products would work best for you.
